### LONG VS REGULAR GEAR WRENCHES

It's Time! For years now GearWrench® products have proven to be quality production tools saving time and effort. One reason is the continued attention to producing a dependable product that continually meets or exceeds regulatory specifications on torque and strength. The Extra Long GearWrench® series is continuing this tradition. Like the traditional GearWrench® styles, the Extra Long GearWrench® offers 5" working area permitting tight access performance, and is built with surface drive technology to eliminate the rounding of fasteners.

NOW SIGNET OFFERS EXTRA LENGTH FOR INCREASED TORQUE! **30% MORE!** USE THIS PRODUCT FOR STRENGTH OR REACH, YOU CHOOSE, WE GUARANTEE!
