### DUAL COMPOSITE POWERGRIP SCREWDRIVERS

Strength and comfort by design! Ergonomic handles with non-slip rubber composite and a bolster end ensure that the changing user has the latest style available. Durability seals the deal! Designed for the most difficult situations, the bolster and top eye hole work with the extra strength grip to allow users the torque needed for all jobs. Don't be fooled, they may look nice, but they are designed to do the job. Like our acetate line, bolstered blades and true Robertson® blades are standard.
